

# Volunteer Opportunities

Please check the duties you can help with.

***Friends support***

- Membership coordinator**
- Volunteer coordinator**
- Contacting volunteers**
- News media contacts / publicity**
- Organizing field trips**
- Grant writing & fund raising**
- Photography show**

_____ Other skills or interests? (Let us know)
--

***Canoe trip docents:***

There is an urgent need for canoe trip docents. With more than 50 people on certain canoe trips, many of whom are new to the Marsh, it is important to have participants made aware of the Marsh's importance and unique features. It is not necessary to canoe; you can talk to the group at Watson Woods.

***Field trip leaders:***

From time to time a school or other group requests a field trip. We'd like to have a few who we can call on to help out.

***Adopt-a-trail:***

There are several trails that need to have someone walk them as needed but regularly, to do minor trail maintenance (e.g., remove small branches), report bigger jobs to the appropriate 'owner', and to monitor for improper use (ATVs, illegal digging, etc.). These include:

- Bordentown Bluffs
- Watson Woods
- Northern Community Park
- Duck Island Constructed Wetland
- Duck Island, D&R Canal State Park tow path trail

***Gardeners needed at Roebling Park***

The berm at Spring Lake is overgrown; we would welcome your continuing help. Work to eliminate invasive plant species.

***Trash pick up***

We need someone to organize one or more cleanups. The stuff comes in through storm drains and with the tide, and in places some trash is left by unthinking folks. You can achieve big value (lots of trash bags) in a relatively small time. (Also, when you visit, take a plastic bag. A little attention goes a long way). Thanks to all who help out! We could use someone to monitor Lamberton Road on Duck Is.

***Nature Center –***

- Planning
- neighborhood liaison
- volunteer coordinator
- maintaining plantings
